Behavioural competencies

The RCR's Competency Framework defines the behavioural competencies required from all staff to contribute effectively in their role and within the wider organisational team.

Communicating effectively

The success of the College depends on how it communicates with its membership and other stakeholders. Employees need to know their audience(s) and communicate with them in a way which meets stakeholder needs and expectations as far as possible.

Working together

The College's effectiveness and reputation depends on efficient and collaborative working, both within and beyond the team. This includes all employee colleagues, Officers, other Fellows and members and often others outside the College.

Personal effectiveness

The College is most effective when employees take ownership of their work, understand the context of that work, deliver effectively to achieve required results and demonstrate a positive attitude to taking on additional responsibilities or learning new skills.

Customer focus

We should all provide excellent services to all customers but notably to the membership and staff colleagues. Focusing on those and other customers, and understanding and responding appropriately to their needs, is key to the success and sustainability of the College.

A modern and welcoming working environment

We've made sure our office in a prime central London location is a destination people want to come and work in – it's open-plan and spacious, with areas for meetings, collaborative working and concentrated workspaces. We also have kitchen facilities well-stocked with plethora of teas and two very fancy coffee machines for everyone to use

There are lots of things going on when you come in too, including learning and development sessions with doctors talking about their work, tea and cake get-togethers, and monthly town hall meetings where staff can share updates and ask questions. We even have our own social committee and organise regular fun events, which are a great way for you to get to know your co-workers.

Excellent pension scheme and life assurance

We like to help our staff save for the future and provide an excellent employer pension contribution. We also have a life assurance and personal accident policy which covers all employees up to four times their annual salary.

Hybrid working

At the RCR we only hire great people, and we value being able to bring everyone together to bond, build great working relationships and generate amazing and innovative ideas.
