

Appointed member (Research-
active radiologist), CR Academic
Committee
Contributor candidate pack

The Royal College of Radiologists

01 Welcome

It's a pleasure to welcome you as you explore the opportunity to contribute to the work of the Royal College of Radiologists. I'm delighted that you're considering joining our committed community of professionals who contribute their time, skills and experience to support our work.

At the RCR, colleagues like you are absolutely vital to the work we do. You play a key role in helping us support excellence in medical imaging, interventional radiology and cancer treatment - both now and in the future. In contributing your time, expertise, and perspective, your involvement strengthens our impact and supports the delivery of safe, high-quality patient care, which sits at the heart of everything we do.

As a Contributor, you will help us deliver the College's strategic priorities, including providing excellent standards and guidance for the workforce, delivery of high-quality professional learning, and being recognised as the experts in our fields. Your insight and involvement help ensure that our specialties continue to grow in both strength and influence.

Many of our Contributors have told us they choose to give their time because they want to make a real difference to our specialties. And by getting involved, they've also found opportunities to build lasting professional networks and stay connected with peers across the UK and beyond. The same will be true for you.

We're proud to be a college that works in partnership with its members. Our Contributors bring energy, ideas, and commitment that shape our work and our future - and we are stronger because of it.

I look forward to the opportunity to work with you.

With warm wishes,

A handwritten signature in black ink that reads "Stephen Harden". The signature is written in a cursive, flowing style.

Dr Stephen Harden

President of The Royal College of Radiologists

02 Role Summary

Role title: Appointed member, CR Academic Committee

Time Commitment: 3-year role

Location: Remote/The Royal College of Radiologists, London

Closing date for applications: 7 August 2026

Overall purpose of the committee

The function of the Clinical Radiology Academic Committee is to explore methods by which the College can encourage and facilitate research in the specialty, increase the number of research-active and academic clinical radiologists in the UK and increase the quality of radiology-related research outputs.

03 Key responsibilities and requirements

Members of the Academic Committee are expected to contribute to discussion on all matters relating to academic development and radiological research and to assist the RCR in encouraging and fostering research in Clinical Radiology. Responsibilities include:

Advising on:

1. matters relating to academic development and radiological research.
2. methods by which the RCR can encourage and foster research in radiological practice and education.
3. methods by which the RCR can increase the number of research-active and academic radiologists within the UK and the quality of their research.
4. ways to support resident and consultant radiologists commencing or developing a research-based career.
5. developing proposals to provide research career guidance, training in research techniques and opportunities for networking amongst research-active radiologists, residents, academics and consultants.

Members of the committee will also be tasked with making recommendations as to those individuals/teams to be considered for awards and grants. This includes:

1. defining criteria and terms of reference for RCR and joint-RCR Research Fellowships.
2. exploring arrangements for joint funding of research with other appropriate research funding bodies, with approval from the Faculty Leadership Team.
3. determining the recipients of research grants, Fellowships and PhDs through a loan or in collaboration with other parties as appropriate.
4. appointing the Roentgen Professor.

04 Commitment and conditions

Contributors at the RCR play a vital role in supporting the College's initiatives and driving its progress. Although our Contributor positions are undertaken on a voluntary basis, each role has optimal impact when Contributors dedicate sufficient time to fulfilling the responsibilities entrusted to them.

Appointed members serve for a term of three years and may be appointed for one further term of up to three years by mutual agreement of the Chair, the Vice President and the member.

The main responsibility of Academic Committee members is to attend the three meetings of the Committee each year, to read papers in advance and to contribute to discussions on academic matters.

All clinical members of the committee shall hold a current licence to practise, be in active clinical practice at the time of their appointment and be members and Fellows of the College. To apply for this role, you must be engaged in active research.

05 Support and benefits of the role

Support provided to the role

The RCR will offer you strong support, ensuring that you are informed, feel valued, and are equipped to fulfil your role.

This includes:

- information and administrative support provided by an RCR staff contact
- regular engagement opportunities with RCR staff and fellow Contributors,
- RCR's Contributor Officer, providing high-level support for all Contributors,
- the opportunity to attend induction sessions, providing you with all relevant information to fulfil your role effectively,
- the [Contributor Code of Conduct](#) and [Contributor Handbook](#), which provide reassurance around our expectations of conduct and personal integrity.

Benefits of the role

Networking with a diverse community of Fellows and experts

Clear progression pathways to more in-depth roles

Wide variety of roles tailored to individual interests

Opportunities to advance Clinical Radiology and Oncology and improve patient care

CPD points available for many roles

Dedicated staff contact for personalised support

06 Application process

How to apply

Applicants are asked to submit a short CV and a brief cover statement outlining their experience in clinical radiology research, and their particular areas of interest in relation to encouraging research in the specialty. Please submit your application to the [Governance Assistant](#) by 5pm on Friday 7 August 2026.

Applications will be assessed by the Vice-President and another CR Officer at the RCR.

Our commitment to Equality, Diversity, and Inclusion

We are committed to actively fostering an inclusive culture at the RCR. We uphold a commitment to building a Contributor group that reflects the diversity of our global community, and therefore we actively welcome applications from individuals from under-represented groups and diverse backgrounds. We are also dedicated to making reasonable adjustments, for example, offering documents in alternative formats to accommodate neurodiversity. If you would like to discuss this further, please contact the Contributor Officer: contributors@rcr.ac.uk

Important information for Contributors

- We encourage you to explore the [Contributor Code of Conduct](#) and [Contributor Handbook](#).
- We request that all applicants complete our [EDI Monitoring Form](#). The information you provide anonymously will help us to understand how our Contributor group represents a diverse range of experience, views and backgrounds. Please complete the form by clicking this link: [EDI Monitoring Form for Applicants to Contributor Roles](#)
- All data will be handled in accordance with our data protection policy and membership privacy notice.
- Please note that you may be required to complete a 'Declaration of conflict of interest' form.
- For more general queries about the role of an RCR Contributor, please email contributors@rcr.ac.uk

“It’s a great network of colleagues and individuals who share similar interests in education and training.”

“One of the best things I do! Great group of colleagues.”

“An opportunity to work with some inspirational individuals & learn a lot about our specialty.”

“I found it interesting, personally developmental and hugely collaborative.”
