

FINAL FRCR PART B EXAMINATION FOR THE FELLOWSHIP IN CLINICAL RADIOLOGY

AUTUMN 2016

The Examining Board has prepared the following report on the Autumn 2016 sitting of the Final Examination for the Fellowship in Clinical Radiology. It is the intention of the Fellowship Examination Board that the information contained in this report should benefit candidates at future sittings of the examinations and help those who train them. This information should be made available as widely as possible.

EXAMINERS' REPORT – AUTUMN 2016

General Comments

Candidates are advised to read the examiners' report written following the Spring 2016 sitting as many of the issues raised at that time and advice given remain valid for the Autumn 2016 sitting.

Persisting areas of concern in the Autumn sitting were:

The level of candidates' anatomy knowledge

Candidates' ability to extract as much information from the initial image(s) shown (often, but not always a plain image)

Candidates' observations and interpretation of plain images

Candidates' knowledge and performance on paediatric and neuro imaging
