

CLINICAL ONCOLOGY IN GLASGOW

THE TRAINING PROGRAMME

- 5 year training programme based at The Beatson in the Glasgow's West End, one of the biggest oncology centres in the UK, treating a population of 2.4 million people
 - Full range of training in advanced radiotherapy techniques (VMAT, SABR, SRS, brachytherapy)
 - Active clinical research unit with a wide portfolio of Phase I - III trials
- Strong links to the Beatson Institute of Cancer Research and the University of Glasgow - encouraged to undertake higher degrees
 - Fully funded FRCR training courses on site and excellent exam pass rates
- Supportive consultants, keen to enhance your learning
