

Clinical Oncology Training in the West Midlands.

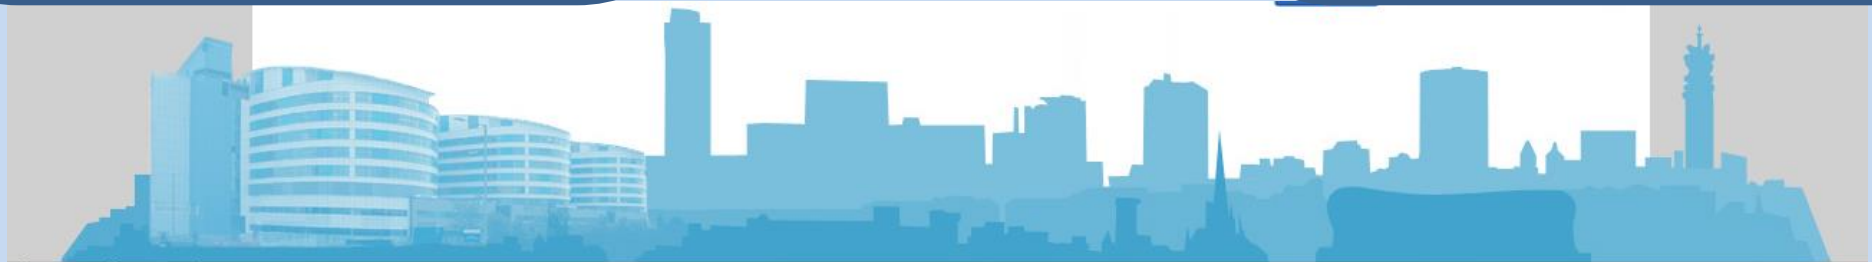

Training in the West Midlands

- Excellent breadth of training in radiotherapy and systemic therapies across 5 cancer centres
- Dedicated weekly **bleep free** teaching
- Monthly consultant led Regional Training Days
- Exam focused teaching for First and Final FRCR
- Less than full time training fully supported

Additional Opportunities

- Diploma or Masters in Oncology at University of Birmingham
- Out of Programme Activities fully supported
- Opportunities to gain experience in undergraduate and postgraduate medical education
- Attend national and international meetings to present posters and oral presentations

Why come to the West Midlands?

The West Midlands

- Birmingham is the second largest city
- Plenty on offer- from busy bustling cities and towns to beautiful countryside
- Excellent road and rail connections to all parts of the country
- Excellent state and private schools
